

# SPENCER ARMS

Before arriving at The Spencer Arms please download the NHS Covid-19 app from the App Store or Google Play

Use the app to check in upon arrival. There are several QR code posters to scan around the pub. This is now a mandatory requirement so please make sure you have registered with us.

Face coverings must be worn on entry and not removed until you're seated at your table. At this point you may remove them to eat and drink. When leaving your table, face coverings must be reinstated.

A hand sanitizer station is available at the main entrance and we urge our customers to use this on entry and when departing. We also have numerous hand sanitizer bottles available to use throughout the property.

We continue to only offer table service (maximum 6 per table) but this is now a legal requirement so please do not stand at the bar. A member of staff will assist you at reception and hopefully find you a table.

To supplement our table service we also offer an ordering app facility for drinks only. Please download the ROUND app from the App store or Google Play to utilize this.

Under the new legislation our doors will have to close to customers at 10pm and we ask for your kind cooperation with this.

We do hope these new restrictions will not unduly spoil your enjoyment of 'The Spencer Arms experience'.
